

Michigan Philanthropy and Service-Learning Pilot Reflection

In order to earn 4 SCECH credits for this pilot, please complete the following and send your results to Paul@MEMSPA.org or kherrygers@learningtogive.org

1. What does philanthropy look like to you (the teacher)?
2. Describe the student service-learning project, including the process and impact.
3. Describe the impact on the students' learning and attitudes.
4. In order to measure student understanding of philanthropy, **have all students complete** the four-question reflection below after a service-learning experience that tapped Learning to Give resources.

Note to educator about compiling the results:

Please share the results in this format and enter the final numbers in place of "15 out of 20" below:

- 15 out of 20 students polled know what philanthropy is.
- 15 out of 20 students polled know how nonprofits help the community or can name a philanthropist.
- 15 out of 20 students polled know what it is to be a volunteer.
- 15 out of 20 students polled have taken caring action outside of school.

Student Reflection:

Please complete these four items to show your understanding of the work of philanthropy.

1. What does "philanthropy" mean to you?
2. Describe the work of a nonprofit organization or name a philanthropist.
3. What is something you can do as a volunteer?
4. Do you ever do things with your family or outside of school that help others? Give an example.
