

Budget Samples

Sample 1

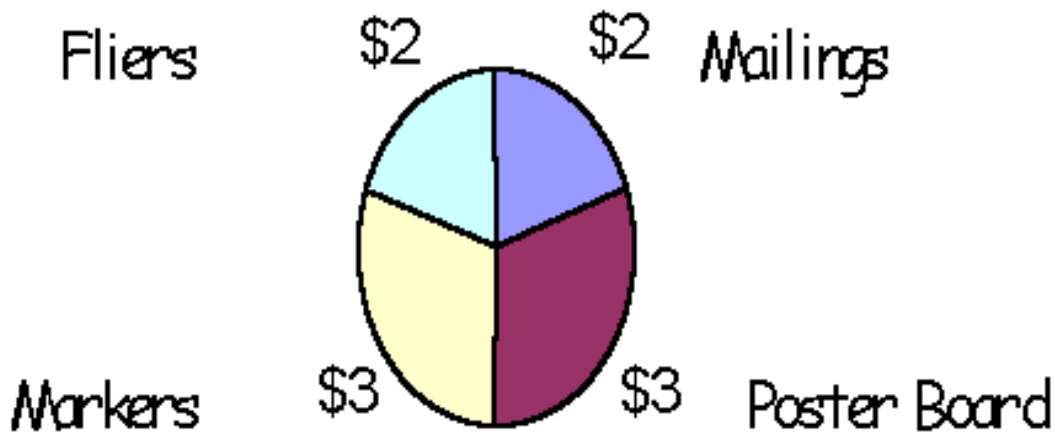

Expenditures will have a total cost of \$10

Itemized list:

- Mailings = \$2
- Poster board = \$3
- New box of markers = \$3
- Discounted printing cost of fliers = \$2

Income will be \$9, if every student donates 50¢

Service Project Expenditures

Our expenditures are greater than our income by \$1. We will need to "earn" another dollar of class "income."

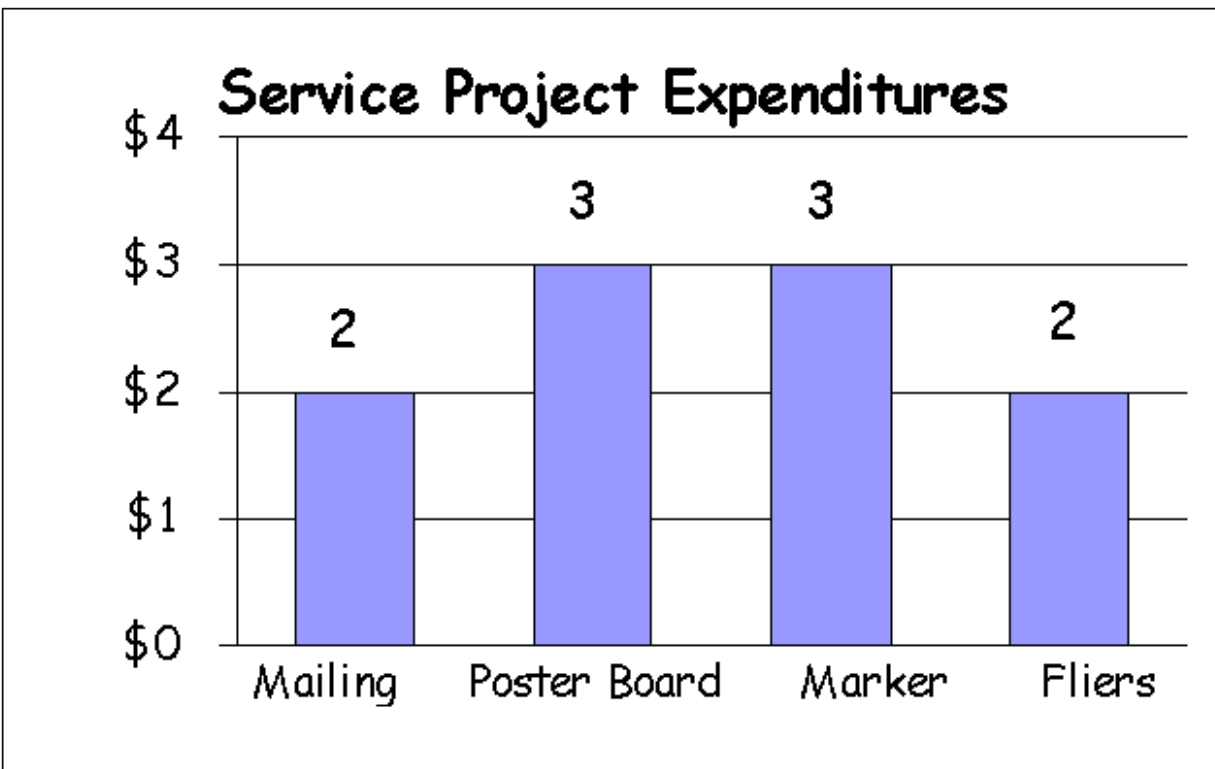

Sample 2

Expenditures will have a total cost of \$10

Itemized list:

- Mailings = \$2
- Poster board = \$3
- New box of markers = \$3
- Discounted printing cost of fliers = \$2

Income will be \$11, if the class collects 110 soda cans.

Our expenditures are less than our income by \$1. We can donate the extra dollar to the service project fund or save it for unexpected costs.
