

# Decision-Making Model

	What's Important to Us? (Criteria)			
Choices	We have the skills to do it.	It has an affordable cost.	There is a need for this.	Most of our group likes the idea.

## Decision-Making Model Steps

1. Select project choices from your list and write them on the chart.
2. Determine criteria for a feasible project. (You may change the criteria given.)
3. Rate from 5-1, with five as most in agreement with the criteria.
4. Evaluate.
5. Make a decision based on the tallied ratings.
