

Decisions, Decisions-Distribution of Funds

With a partner, evaluate the different needs the class located in news articles. Prioritize the needs and select the five that you feel are the most in need of funding. Then divide the amount of funds raised by the class to share among each need. The amount decided for each cause does not have to be equal. Be able to justify the selections you made and the donation amounts for each.

Total Amount of Funds Raised for Service Project:			
#1 Need		Donation Amount:	
#2 Need		Donation Amount:	
#3 Need		Donation Amount:	
#4 Need		Donation Amount:	
#5 Need		Donation Amount:	
		Total:
