

# Environmental Group Research

Names of Team Members:

Assigned Environmental Group:

After completing your research and reading, answer the following questions about this environmental group.

1. Give a historical background of your organization (when, where, how and by whom was it founded).

2. Describe the goals or mission of the organization.

3. Who does the organization serve (private individuals, the public, a city, an organization, etc.)?

4. Describe how the environment benefits from what this organization does.

5. How does this organization pay for its existence?

6. This organization is: **FOR PROFIT**      **NONPROFIT**      **GOVERNMENTAL**

7. The evidence to support number six:

8. Prepare a presentation for the class about your organization. Your teacher will copy this document so it can be used as an overhead during your presentation. All group members must participate. List each group member's responsibility here:

9. Create a visual aid that describes your organization. What key points do you want your visual aid to communicate?
