

Family Letter

Dear Family:

Please read this to your student and discuss the statements before he/she responds. Students in grades 3-5 are to write sentences describing their pictures.

1. Jim and Mickey want a double chocolate ice cream cone. The ice cream store has only enough for one cone.

Draw a picture that shows how Jim could act in a selfless way.

2. Jim found a five-dollar bill in the lunchroom. How would Jim show *ethical decision-making*? Draw a picture or write a sentence.

3. Empathy means, "identification with and understanding the feelings of another person." How can you show empathy?
