

Friendship Discussion

After reading *Chicken Sunday*, discuss the idea of friendship with your group. Write down what your group discusses.

1. How can you tell when someone is a friend? Think about the following questions: How do friends feel about each other? What do friends do for each other?
2. Do friends have to be the same age, same nationality, same size? What does have to be the same?
3. What are the benefits of having friends of all ages?
4. What do the lyrics about the "colors of the rainbow" from the song *What a Wonderful World* mean?
5. How can you meet people that are different from yourself? How do you get to know them?
