

# Integrity Senarios

Scenario #1: Janice and Deidre have been close friends since grade school. Another friend Candace just told Janice that Deidre is spreading a rumor about her. Deidre spread the rumor that Janice was the one who stole money yesterday from Mrs. Robinson's desk in 4th hour. Janice asks Candace to repeat what she just said, for Janice can't believe that Deidre would believe such a thing and then spread the rumor.

Discussion Questions:

- 1) If Janice is to maintain her integrity, what should she do with this information?
- 2) If Deidre thought she was telling the truth, was she acting with integrity?
- 3) What are the consequences of this scenario for Janice? for Deidre?

Scenario #2: Lorenzo knows that certain websites are off limits. However, last Saturday night, he was home alone and looking for something to do. As he was surfing the internet, one of those sites popped up.

Discussion Questions:

- 1) What are his choices?
- 2) What are the consequences if he opens the site and views the information/illustrations?
- 3) Maybe no one will ever find out he went to the off limits site. How does this affect his decision?
- 4) If Lorenzo acts with integrity, what will he do?
