

# Interview Questions

Write the name of the person you are interviewing and his or her responsibility in the school community:

---

---

1. Who do you think should be responsible for taking care of our environment?

---

---

---

2. What is our school doing right now that helps reduce pollution?

---

---

---

3. What are some additional things that the students and staff at our school do related to helping the environment?

---

---

---

4. Would you like to make other comments?

---

---

---

---
