

Job Descriptions for Managers

Materials Managers (two)

Pass out necessary materials to each group. Make sure the materials are clean when they are returned at the end of the cooking process.

Ingredient Managers (two)

Divide the ingredients so each team has the correct items and amounts. Be sure that each team member has clean hands (or is wearing gloves) when handling food.

Cleanup Supervisor (one)

Observe students and work surfaces to make sure everyone is performing under the best sanitary conditions. Make sure each team cleans and recycles cans, cleans reusable containers, and washes the materials properly.

Team Manager (one per team)

Guide the team to make sure everyone has a job and follows the rules.

TEACHER NOTE: Duplicate this so each manager has a copy.
