

# Letter to Families/Guardians

Your child will be viewing *Surviving Auschwitz: Children of the Shoah*, a ninety-minute video. The program follows the experiences of a six and a ten-year-old girl who survived the Holocaust to be liberated from Auschwitz. The film includes on-location present-day views of their home town Tomaszow, two labor camps and Auschwitz. The two survivors will be shown revisiting these sites with their adult children and reflecting on the lessons to be learned from the Holocaust sixty years later. While their story is one of tragedy and horror, their message is one of tolerance and hope.

Because some of the historic footage that will be shown may be disturbing, it is possible for adult family members/guardians to preview the film with or without their student. We encourage either of these to occur.

If you would be interested in seeing the film before or during the time it is shown, please contact us at \_\_\_\_\_ to make arrangements for the showing. We look forward to working with you to make this a meaningful experience for our youth.

Sincerely,
