

# Literature Jigsaw Notes

**Directions:** Write notes about each book presented in your group. Use key words and ideas. It is not necessary to take notes on the book you read on this sheet.

Book Titles:			
What wild animals are able to dwell/live in the city?			
What makes wildlife wild?			
What do wildlife creatures need to survive?			
How can humans create and maintain a healthy relationship with city wildlife?			

**On Your Own:** On a separate sheet of notebook paper, write your observations about this assignment. Summarize the answers to the four questions above. Make connections between the four books.
