

Multi-Media Philanthropist Presentation Guide and Rubric

Assignment Guidelines:

1. From the list given to you, choose a philanthropist from history whom you and one or two other classmates wish to study closely.
2. Using a variety of sources, find as much information as possible about that philanthropist.
3. Put together a 15-20 minute multi-media presentation that will teach the class, in an interesting way, about your philanthropist. Be sure to include where and when the person worked and lived, the problem that the philanthropist worked to solve, and the contributions that he or she made. Build class participation into the lesson in some way. Also, type a one-page information sheet to distribute to the class which highlights the major information about your philanthropist.
4. Make your presentation to the class as a team.

Grading Rubric:	Points			
Length: between 15 and 20 minutes	10	5		0
Variety of media resources and materials used to convey information in an interesting and creative way	30	20	10	0
Presentation requires class participation	10	5		0
Significant information presented	30	20	10	0
Speech is clear and loud, and eye contact is made	10	5		0
Information sheet is clear	10	5		0
Final Score	_____/100
