

# Our Community Homework

## Our Community Homework

With your family, discuss the good things about your community and the things that need improvement.

Discussion Questions:

1. Why did you move there?
2. What are some of the best traits of the area?
3. What do you like about your community?
4. What could improve in your community?
5. What would you like to see changed in your community?

Before next class period, write two good things about your community:

- 1.
- 2.

Draw a picture showing your community how you would like it to be in ten years (make it clear what issues have been addressed).
