

Parent Letter

Dear Families,

This week our class began a unit of study on water conservation. Over the course of this unit we will look at the uses of water, why we need water, the water cycle and how we can conserve water. Please take a moment to discuss with your child ways in which you could save water at home. We will be sharing these ideas as a group later this week. Thank you for your help and commitment to your child's academic success.

Sincerely,

Due Back _____

Ways to conserve water
