

Partners in Creation

Partners in Creation work for the common good. They do the work, the *mitzvah* work of *tikun olam*, with sneakers, leftovers, suitcases, stuffed animals and anything else they look at that causes them to ask “Which of the world’s problems can I help solve with this _____?” They look at the world with *mitzvah* glasses and you can too!

To learn about these people and how they do *tikun olam*, check out some of these websites:
