

# Post Unit Narrative and Service Learning Reflections

## Elderly Service Learning Interaction:

- When I first heard of this project my expectations were:
- Were my expectations met? Why or why not?
- What have I learned about older people from my experience?
- How do I feel this experience added to the common good?

## Young People Service Learning Interaction:

- What were some of the things I thought about before giving the presentation?
- How did the presentation go? What went on?
- How do I think the learners reacted to my teaching?
- How has this experience changed me?
- How did this experience help the common good?
