Reflection On A Service Learning Project

Answer the following questions completely about a project you have worked on this semester.

1. What was involved in your service learning experience? Describe what you did. What did other students do?

2. Who worked directly with you? How did you work together? What did you learn from each other?

3. Did you have any problems? What did you do to solve them? Is there anything you would have done differently?

4. What did you learn about the community?

5. Did you do this project because you wanted to? What did you gain from it? What benefit will it have for others? Is it philanthropy? Why? Why not?

6. What will you take with you from this experience? State at least one way that it will benefit you in the future.
