

# Request for Photos

Date

Dear Families,

We are studying people from all generations in a community from the senior members down to the infants. We appreciate your participation in this study as students ask for different supplies and input. This is a request for photos and old magazines.

Students will be making timelines of the events in their own lives which will be enriched by photos. Please help your child select pictures representing important people, interests, and events from his/her life from infancy to the present. Since these photos may be cut and pasted on the timeline, we ask that you send in only doubles or photocopies of these valuable images. If you do not have access to a copier, send the photos with a note that we should copy them before using. Then we can return the images unharmed.

We will also use magazine pictures to create the future segment of this art project. If you have any old magazines that we may cut up, please send those in to school as well.

Thank you,

Your child's teacher
