<p style="text-align: center;">State Senator</p> <ul style="list-style-type: none"> ✓ Each county/region is uniquely different. Why are we held to the same standards? ✓ This isn't fair to the economy. ✓ Why isn't the issue of transported air a consideration? ✓ We need to examine the science of setting air quality standards. Do they make sense? ✓ We are concerned about the health and well-being of our citizens. ✓ Look at our efforts to be in compliance with air quality standards. 	<p style="text-align: center;">Point & Non-Point Controls or Transportation Controls</p> <p style="text-align: center;">Voluntary Measures or Regulatory/Legal Measures</p> <p style="text-align: center;"></p>
<p style="text-align: center;">Member of the Health Community</p> <ul style="list-style-type: none"> ✓ Ozone Action Days = an influx of people requiring medical attention. It's critical that we encourage and enforce them. ✓ The effects of air pollution are far reaching – asthma, heart attacks, emphysema, cancer ✓ Smoking must be banned in ALL public places. ✓ We must consider gaseous emissions as well as particulate matter. ✓ People are entitled to clean air and that's the bottom line! 	<p style="text-align: center;">Point & Non-Point Controls or Transportation Controls</p> <p style="text-align: center;">Voluntary Measures or Regulatory/Legal Measures</p> <p style="text-align: center;"></p>
