

Speaker Preparation

Dear Speaker:

Our class is learning about the nonprofit sector. We are interested in learning more about the people who work in the nonprofit sector and the different types of job opportunities. In preparation for your visit to our classroom, I have listed a few ideas about which we would like to learn. We would appreciate it if you could address these questions:

- For what nonprofit organization do you work? Why is it considered a nonprofit organization? How does it help the community?
- Does your organization provide a good or a service to the community? What is it?
- How is the good or service produced and what human capital, natural resources, or capital equipment does it require?
- How many people are employed at your organization?
- What are some of the other positions people hold at your organization?

Thank you for volunteering to visit our classroom. We are looking forward to your visit.

Sincerely,
