

Talent Who? Talented Me?

Take a close look at yourself. Be honest. Think about the things that you can do. The words you use should describe you personally, academically, artistically, etc. Some of the boxes have been filled. You should place an "X" on each of your talents. Then, write in the talents that are uniquely you.

SING			SPEAK	
BASKETBALL		WRITE	SEW	FOOTBALL
	DRAW	COMPUTERS		
	READ			RUN
COOK			SWIM	

Now that your chart is filled in, write a short paragraph about how you can use your talents to help others. What special talents do people need to start organizations to help others?
