

The Work of My (divine) Hands: What? When? and How?

A DIVINE JOURNAL

Every day we have opportunities to demonstrate that we are doing the work of Divine creation! Think about your day and describe ways that you are a model of G-d's best work!

The circumstances: *What was going on?*

The choices: *What could you have done?*

My choice: *What did you do?*

The consequences: *How did your actions impact the situation?*

If it happened again, what would you change about what you did (if anything)?
