## Pick Out the Pet

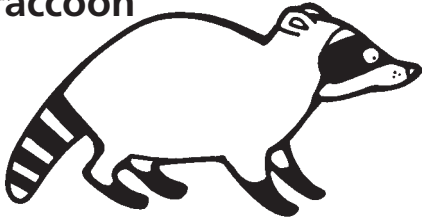

Squirrels, turtles, and frogs are wild animals. Maybe they live near your home. The best way to love wild animals is to let them live free.

Pets are different from wild animals. Pets need to live with

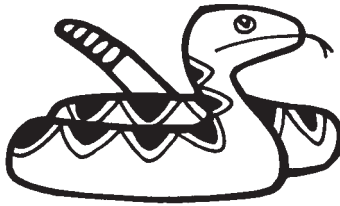

people. The best way to love pets is to take very good care of them.

Look at the animals below. In each row, there is only one animal that should be a pet. Circle only the animals who are good pets.

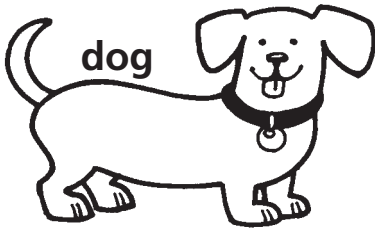

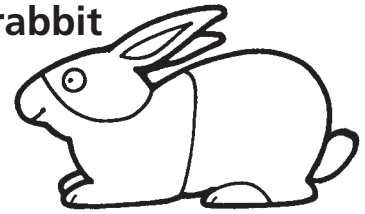

raccoon

rattlesnake

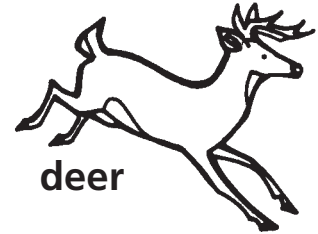

rabbit

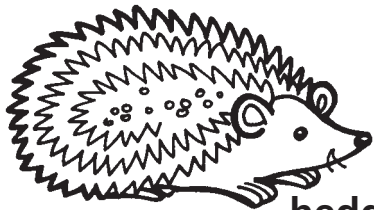

dog

dragonfly

deer

hedgehog

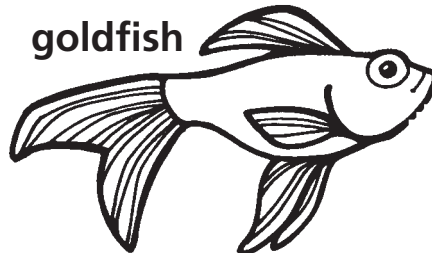

hawk

hamster

gecko

goldfish

grasshopper

Sometimes people try to keep wild animals as pets. But wild animals belong in nature. Choose a wild animal from this page. On the back, draw the animal in his or her natural home.
